A

AI Visibility Grade

---

Scored 6 June 2026 | Report ID: a66f-8c72 | (Beta)

# EXECUTIVE SUMMARY

---

Andela achieved an AI Visibility Score of 87/100, earning a Grade A (Excellent) rating. This score reflects how prominently the business appears in responses from major AI platforms when customers search for products or services in this category.

3 of 3 AI providers mentioned Andela in their recommendations. Industry: SaaS / software.

The score is calculated across two pillars: Controllable Signals (60%) covering structured data, website quality, content, and online presence; and AI Awareness (40%) covering whether AI models mention, recommend, and rank the business positively.

Report generated: 6 June 2026 | <https://andela.com>

# SCORE BREAKDOWN

The following table shows each scoring pillar, its contribution weight, the score achieved, and the key signals that drove that score.

| PILLAR            | SCORE                                                                                     | WEIGHT | DETAILS                                             |
|-------------------|-------------------------------------------------------------------------------------------|--------|-----------------------------------------------------|
| Structured data   | 52/100   | 35%    | JSON-LD detected: Organization                      |
| Crawlability      | 100/100  | 20%    | AI crawlers allowed; sitemap present                |
| Content clarity   | 92/100   | 20%    | Title: yes · Meta: yes · H1s: 1 · Heading levels: 3 |
| AI-native signals | 100/100  | 25%    | llms.txt: yes · OG: yes · Twitter: yes · HTTPS: yes |
| AI awareness      | 94/100   | 40%    | 3/3 models mentioned you. Avg sentiment: 0.67.      |

# AI PROVIDER ANALYSIS

The table below shows what each major AI platform said about Andela when asked to recommend businesses in this category.

| PROVIDER | MENTIONED | SENTIMENT | POSITION   | SUMMARY                                                                                                                                                                                                                                                                                   |
|----------|-----------|-----------|------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| ChatGPT  | Yes       | Positive  | Not ranked | Andela is a company that specializes in connecting businesses with skilled software developers from various countries, primarily in Africa. They essentially act as a talent network, helping businesses find and hire skilled engineers and other tech professionals, often from emerging...  |

# RECOMMENDATIONS

---

The following recommendations are prioritized by estimated impact on your AI Visibility Score.

## MEDIUM PRIORITY

---

### Complete your Organization schema fields

+6 points

#### STRUCTURED DATA

Your Organization schema is missing key fields. AI models use `name` to identify you and `telephone`/`address` to answer 'how do I contact X'. Add the missing fields to unlock the full score.

### Add an FAQ schema with common questions

+6 points

#### STRUCTURED DATA

FAQ schemas are heavily mined by AI chatbots. Pick the 5–10 questions customers actually ask and answer them on your site with FAQPage markup.

```
FAQ-SCHEMA.HTML
<script type="application/ld+json">
{
  "@context": "https://schema.org",
  "@type": "FAQPage",
  "mainEntity": [
    {
      "@type": "Question",
      "name": "Do you offer a free trial?",
      "acceptedAnswer": {
        "@type": "Answer",
        "text": "Yes, we offer a 14-day free trial with no credit card required."
      }
    }
  ]
}
</script>
```

# SAFE AI INTEGRATION FOR YOUR BUSINESS

---

AI is reshaping how customers discover and choose businesses. Glance helps African enterprises integrate AI safely into their workflows, improving team productivity, customer acquisition, and revenue without the compliance and reputational risks of moving too fast.

Our engagements cover AI Visibility Audits, Agentic Workflow Design, and Custom AI Integrations tailored to your industry. Every engagement starts with your AI Visibility Score as the baseline and ends with measurable improvement.
